EASA SALEH AL GURG GROUP

Welcome to the
world of True Colours.

EASA SALEH AL GURG GROUP

Welcome to the world of Oasis Paints and Coatings.

Al Gurg Paints, part of the Easa Saleh Al Gurg Group – one of the oldest and well respected families in UAE, introduces Oasis Paints to suit the unique requirements of the Pan Gulf region.

Combining the twin aspects of quality and aesthetics, Oasis Paints are a utopia of innovation and imagination across the region.

An Oasis of Colour

When we hear the word 'desert', we normally conjure imagery that is barren, dull and lifeless. However, at Oasis we see differently. We see the desert as a beautiful landscape to breathe colour and life into.

That is why Oasis range of Paints and Coatings, developed by Al Gurg Paints, brings a dash of freshness with a splash of colour to UAE.

By combining the twin attributes of quality and aesthetics, Oasis Paints allows you to imagine and create your own distinct personality in the desert, by adding colour and creativity to your life and home.

With a portfolio inclusive of Interiors and Exteriors providing different finishes and textures, Oasis Paints and Coatings not only offers a wide range of hues and shades, but more importantly delivers impeccable quality.

Moreover, Oasis in its true sense is a testimony to the Emirati indigenous technology at work. A well equipped Research and Development facility with chemists possessing a combined experience of nearly five decades, Oasis Paints and Coatings meets the regional performance requirements as they have been specially developed to suit the aggressive atmospheric conditions of the desert.

So, whether it's a textured exterior of a villa or the smooth finish of an apartment, Oasis offers choice and options that suits - varied tastes and pockets.

Oasis comes with a guarantee that they will always be **TRUE TO COLOURS!**

Range of Brilliance

TRUMASTIC

With an enviable range of colours, Oasis Trumastic is an affordable and durable way to colour home, office, hospital and school interiors. It offers high resistance to stains, superior washability, and protects against fungal and mould attacks.

Moreover, it is available in three finishes - Matt, Semi-Gloss and Silky.

TRUSHIELD

To protect your concrete from harsh environmental changes and challenges, Oasis Paints introduces Trushield Coatings for your exteriors.

Available in different finishes and textures, Oasis Trushield has been formulated to form a protective shield against different types of climatic attacks such as mould or algal growth, fading of colour because of poor UV resistance or flaking-off of the top coat after a period of time.

ENAMELS

Oasis Enamel is a superior solvent/alkyd based coating that can be applied on multiple surfaces like walls, woods and metals. This tough coating offers high resistance to stains, excellent washability and easy-to-use features.

Moreover, it is available in four finishes - Matt, High Gloss, Egg Shell and Premium. It is also available for Kitchen and Bathroom in water-based sheen finish, for wet areas.

FUNCTIONAL

To create a masterpiece, it is important that the entire paint process is followed perfectly. From good bonding and flow of paint, to achieving a smooth finish.

With Oasis Functional products that include Primers, Stucco and Penetrating Sealers, we not only keep the overall paint process in mind, but more importantly, focus on the final result.

Unlock a Vault of True Colours

TRUMASTIC

Walls have ears, as the cliché goes. However, that was true when they were just plain lime washed buildings. Then came the paint revolution, and walls began dressing up in different colours - in a variety of shades and finishes.

Dramatic walls, of course, have long been the domain of theatres and museums. But with a little professional help, the walls of your home can also add more drama to your life.

That is why, now walls not only hear – but speak as well.

Welcome to the world of True Colours with Oasis Paints, where you choose from over 6000 shades of contemporary, classical, on-trend and in-sync colours to mix and match, and create a unique identity that truly reflects your personality in your home and work space.

Trumastic Luxury Emulsion (Anti-fungal)

Trumastic Luxury Emulsion is a high-end luxury coating that consists of acrylic latex and high opacity micronized pigments that offer effective crack bridging and self-cleaning properties, especially designed for sensitive areas like hospitals, schools and places which require special protection from fungal and mould attacks.

This emulsion is highly user-friendly and made available in luxurious Gold and Silk finishes, truly making it a discerners' delight.

TRUSHIELD

To match the brilliance of your interiors, Oasis Paints introduces the Trushield Range – for exterior walls. So, whether it's a textured finish of a villa or a smooth facade of a multi-complex, all your concrete surfaces will stay vibrant despite harsh environmental changes and challenges.

That is why Oasis Trushield, not only ensures a trouble-free performance, but also offers a look and feel that gives you concrete reasons to be spoilt for choice.

Trushield Smooth Emulsion

Trushield Smooth Emulsion is a premium acrylic, water-based exterior emulsion that is formulated to meet the challenging demands of environmental vagaries.

Its excellent colour retention, crack bridging properties, superior resistance to dirt pick-up, superb washability and Anti-Carbonation properties make this coating a favourite for durable exterior application.

Available in any colour that either merges or stands out as per the requirement of our customer.

Our Complete Palette

FUNCTIONAL

Like great artists, we know that painting is a detailed step-by-step process that needs to be perfect from the first step.

To create a masterpiece, it is important that the entire process is correctly followed. From good bonding, to the easy flow of the paint when applying, to achieving the smooth finish eliminating the ungainly undulations of bare concrete.

Oasis Functional products like Primers, Stucco and Penetrating Sealers are formulated by keeping in mind the overall paint process, and more importantly the final result.

Thus Oasis Paints – Interior or Exterior - together with the Functional Products are on top.

- Acrylic Primers
- Epoxy Primers
- Quick Drying Enamels

- Stucco
- Solvacryl
- Polyurethane
