TRUE TO COLOURS

La gamme oasis de peinture émail est disponible en trois niveaux de brillances différentes.

High-Gloss : Une couche de fini brillante à base de pétrole ou de résine alkyde pour le bois, du béton et de l'acier. Le produit Oasis Hi-Gloss à une brillance exceptionnel et à long terme.

Eggshell Enamel : Une couche de fini à base de résine alkyde ou de pétrole donnant un fini résistant et un peu brillant.

Matt Enamel : Une couche à base de pétrole ou de résine d'alkyde donnant un fini durable et éclatant.

La gamme Oasis de couche de fini émail comprend également l'Acier Oasis Hi-Gloss, Oasis en Acier Matt et Oasis émail QD. Qui sont ultra-violets et résistant aux intempéries avec une excellente rétention de brillance et la stabilité de couleur. Ces produits sont largement utilisés dans le marché industriel et de l'industrie automobile.

Mode d'utilisation

Lorsque vous utilisez la gamme Oasis de peinture émail sur une surface correctement préparée, les amorces suivantes sont recommandées pour les différents substrats.

Béton : Oasis à l'alkyde A.R. Amorce ou Oasis Wall Amorce.

Bois : Oasis Bois Amorce.

L'Acier : Oasis Oxyde rouge Amorce 53.

Pour plus d'informations consulter la fiche technique ou contacter le fabricant.

The Oasis range of enamel paint is available in three different gloss levels.

Hi-Gloss : An oil alkyd resin based glossy finish for timber, concrete and steel. Oasis Hi-Gloss has good gloss retention.

Eggshell Enamel : An oil or alkyd resin based finish coat giving a hardwearing low sheen finish.

Matt Enamel : An oil or alkyd resin based finish coat giving a durable flat finish. The Oasis range of finish coat enamels also includes Oasis Steel Hi-Gloss, Oasis Steel Matt and Oasis Q.D. Enamel, which are ultra-violet and weather resistant with excellent gloss retention and color stability. These products are extensively used in the industrial market and automotive industry.

Application

When using the Oasis range of enamel paint over suitably prepared surfaces, the following primers are recommended for the different substrates.

Concrete : Oasis Alkyd A.R. Primer or Oasis Wall Primer.

Wood : Oasis Wood Primer.

Steel : Oasis Redox Primer 53.

For further information refer technical data sheet or contact manufacturer.

Whilst every care is taken to reproduce these colours, the manufacturer does not accept liability for slight variations in shades. Colours vary according to the method of application and coating thickness. Selected colours available on request. For technical reasons to do with colour reproduction, colours shown alongside may not exactly match the manufactured paint.

The Oasis Range of Texture Paints & Tile Systems

The range of Oasis Texture Paints and Oasis Tile Systems provide durable hard wearing finishes. Choose from our wide range of textures and colours, a system that will protect and enhance the beauty of your property.

Oasis Texture Paints are based on Acrylic Emulsified resins, which allow the substrate to breathe, whilst remaining water and weather resistant.

Oasis Tile Systems are available in full Epoxy-Polyurethane, Acrylic-Polyurethane or pure Acrylic Systems.

Major Features

- Ultra violet light resistant
- Excellent gloss and colour retention
- Protects concrete from corrosive gases and chloride ingress
- Good washability and dirt resistant
- Years of maintenance free life
